Education

Ryerson University SEPTEMBER 2016 - APRIL 2020

Recently graduated from New Media (BFA), having learned foundations in computational, electronic and physical art and design.

Etobicoke School of the Arts SEPTEMBER 2012 - JUNE 2016

Majored in contemporary visual arts. Member of the Student Equity

Committee where we organized awareness campaigns and workshops.

Exhibitions

Ontario Science Center

DECEMBER 14TH, 2019 - JANUARY 28TH, 2020 Collaborated on a musical sculpture that responds to being "played" with tactility, visualisations and audio.

Ryerson FCAD's RUBIX

NOVEMBER 4TH, 2019

Assisted with a research project exploring the material potentials of flexible circuitry.

CTL Grand Opening OCTOBER 29TH, 2019

Demonstrated the capabilities of a circuit board printing machine for Ryerson's Creative Technology Lab

Maker Festival

JULY 7TH - 8TH, 2018

Showcased an interactive kinetic sculpture at the Toronto Reference Library.

York University

NOVEMBER 18TH - 27TH, 2015

Curated by MOCA director, David Liss. Showcased a multimedia installation in York's Fine Arts building.

Publications

FCAD RUBIX: Showcasing Scholarly Research & Creative innovation

NOVEMBER 4TH, 2019

An article titled "Circuit Printing for Rapid Prototyping" outlined the fabrication research and methods of a project I assisted.

Experience

Patient Engagement Ambassador, SickKids Hospital

AUGUST 2019 - FEBRUARY 2020

Joined a team of researchers in designing patient-facing infographics and planning patient-engagement events.

Research Assistant, Ryerson University

MAY - DECEMBER 2019

Explored applications and capacities of a circuit board printing machine within creative contexts.

Fabrication Volunteer, Philip Beesley

MAY - AUGUST 2019

Joined the team of volunteers at Philip Beesley's Architecture Institute in producing a large-scale interactive sculpture.

Digital Solutions Intern, The Hard Drive SEPTEMBER 2018 - SEPTEMBER 2019

Provided research assistance, user experience design, graphic design and general support in production processes.

Makerspace Lab Monitor, Ryerson University

FEBRUARY 2018 - APRIL 2020

Provided tool, material and project support. Exercised experiential learning skills, promoted teamwork and adaptability. Provided online course support for RTA 222: Introduction to Computational Arts.

Code Coach Volunteer, Ryerson University FEBRUARY 2018 - APRIL 2018

Facilitated peer-to-peer learning experiences, assisted in understandings of class content and general queries. Developed familiarity with JavaScript, HTML, CSS and Arduino languages.

Graphic Design Volunteer, Ryerson University OCTOBER 2017 - APRIL 2019

Collaborated with a small-scale team on designing promotional assets, strengthened time management and organizational skills. Utilized Photoshop, Illustrator and After Effects.

Camp Counsellor, Camp Huronda

JUNE - AUGUST 2017

Assisted in programming and leading camp-wide events, encouraged independence and served as a mentor.

Workshops

Processing Community Day @ RTA FEBRUARY 12TH, 2020

Facilitated a drop-in style event in conjunction with Ryerson New Media and the Processing Foundation. Introduced participants to perlin noise, lerp, map, and timed choreographed events.

Get Good at Creative Coding

FEBRUARY 23RD, 2018 & MARCH 7TH, 2019

Facilitated a creative coding sharing circle wherein participants explored different methods of drawing with mathematical functions.
